About Hunt Mining

Hunt Mining Corp. has been an active and aggressive explorer in Santa Cruz since 2006. During that time, Hunt’s wholly owned subsidiary, Cerro Cazador S.A., has completed a large amount of exploration activity including approximately 57,000 meters of HQ core drilling, 416 line kilometers of Induced Polarization geophysical surveys and more than 15,000 surface channel, chip, and trench samples. Hunt Mining has recently entered into an exploration agreement with Eldorado Gold for exploration and development in the Santa Cruz Province of Argentina. Historical results and additional information can be viewed at www.huntmining.com.
